

Check your Junk Mail

As this is a new website with a new mail domain, even though the system is set up to follow anti-spam rules, it will take a while before the major mail services like Google fully “trust” our mail. You may find email from info@whitehall-square-hoa.com and events@whitehall-square-hoa.com go into your spam or junk folder because of this.

If everyone marks those mail items as not spam, they will be delivered to your inbox, and the more people who do that, the more our mail will be trusted by those mail providers.

Thank you for your assistance. If you have questions, please use the [Contact Us](#) page to send a note and we will respond as soon as possible.
